Winner

## Windshield protect

Abrasion Resistant -  
Prevent Wiper Scratches

Nano LiqVi Wind shield is an invisible ready to use product optimised for glass surfaces. It contains long lasting anti-sticking Nano materials that makes surfaces easy to clean and protects them from soiling and mould growth.

### Product Features :

- Easy to Clean Dirt
- Easy to Clean hard Water Stains
- Protects from Wiper Scratches
- Clean Vision even in Rainy Season
- Major amount of Water tends to slide over the Windshield
- Effective on Old and New Surfaces
- Heat Resistant and UV-Stable
- No Chemical needed to Remove Contaminants

## Environment Friendly

### Application Procedure :

- Clean heavily soiled surfaces with water
- Rinse with clean water to remove any residue or dirt.
- Dry the surface with a clean cloth.
- Remove the Precleaner cloth from the sachet and clean the surface to be treated.
- Allow the surface to dry (30 - 60 seconds).

### The surface is now ready for treatment

- Do not apply in direct sunlight or an hot surfaces.
- Remove the refinement cloth from the sachet.
- Wipe the Nano LiqVi Glass cloth uniformly covering the entire surface to be protected.
- Continue wiping and buffing until cloth is dry (approx 1 min.)

The refinement process is finished.  
(Total Polymerization takes 24 hours)
